

U N	G o a l	4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
	T a r g e t	4.1 By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes
	I n d i c a t o r	4.1.2 Completion rate(primary education, lower secondary education, upper secondary education)

I. Global indicator

<Type 4>

Indicator	Completion rate(primary education, lower secondary education, upper secondary education)
Definition	<p>Percentage of a cohort of children or young people aged 3-5 years above the intended age for the last grade of each level of education who have completed that grade.</p> <p>The intended age for the last grade of each level of education is the age at which pupils would enter the grade if they had started school at the official primary entrance age, had studied full-time and had progressed without repeating or skipping a grade.</p> <p>For example, if the official age of entry into primary education is 6 years, and if primary education has 6 grades, the intended age for the last grade of primary education is 11 years. In this case, 14-16 years would be the reference age group for calculation of the primary completion rate.</p>
