

U N	G o a l	5. Achieve gender equality and empower all women and girls
	T a r g e t	5.2 Eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation
	I n d i c a t o r	5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age

I. National indicator

<Type 3>

Indicator	Proportion of people who have experienced violence by an intimate partner in the previous 12 months
Definition	<p>The proportion of people who have experienced physical, sexual, emotional or economical violence by an intimate partner in the previous 12 months. The definitions of each type of violence are as specified below.</p> <p>① Physical violence consists of acts aimed at physically hurting the victim and include, but are not limited to acts like pushing, grabbing, twisting the arm, pulling hair, slapping, kicking, biting or hitting with a fist or object, trying to strangle or suffocate, burning or scalding on purpose, or threatening or attacking with some sort of weapon, gun or knife.</p> <p>② Sexual violence is defined as being physically forced to have sexual intercourse, having sexual intercourse out of fear for what the partner might do or through coercion, and/or being forced to do something sexual that the woman considers humiliating or degrading.</p> <p>③ Emotional violence refers to any act intended to induce fear or emotional distress, for example insulting the partner, or threatening physical harm.</p> <p>④ Economic violence involves acts to economically exploit or cause someone to suffer financial difficulties by, for example, withholding access to money, disposing of properties and assets without the partner's consent, and maintaining total control over financial resources.</p>
Calculation method	(People who have experienced violence by an intimate partner / total married respondents) × 100
Unit	Percent (%)
