I. Global indicator

<Type 4>

Indicator	Number of countries with laws and regulations that guarantee full and equal access to women and men aged 15 years and older to sexual and reproductive health care, information and education									
Definition	<p>This indicator seeks to measure the extent to which countries have national laws and regulations that guarantee full and equal access to women and men aged 15 years and older to sexual and reproductive health care, information and education.</p> <p>A percentage scale of 100 indicates a country has laws and regulations that guarantee full and equal access. This indicator measures only the existence of laws and regulations. It does not measure their implementation.</p> <p>The indicator measures the legal and regulatory environment across four thematic sections, defined as the key parameters of sexual and reproductive health care, information and education according to these international consensus documents and human rights standards. The four thematic areas are represented by 13 components, and information is collected on the existence of specific legal enablers (positive laws and regulations) and specific legal barriers (excluding component 2 and 9).</p> <ul style="list-style-type: none"> - Four thematic areas(sections): Maternity care, Contraception and family planning, Comprehensive sexuality education and information, HIV and HPV <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 30%;">Maternity care</td> <td>Component 1.
