

U N	G o a l	15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
	T a r g e t	15.6 Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed
	I n d i c a t o r	15.6.1 Number of countries that have adopted legislative, administrative and policy frameworks to ensure fair and equitable sharing of benefits

I. Global indicator

<Type 2>

Indicator	Number of countries that have adopted legislative, administrative and policy frameworks to ensure fair and equitable sharing of benefits
Definition	<p>The number of countries that have adopted legislative, administrative and policy frameworks to ensure fair and equitable sharing of benefits.</p> <p>It refers to the efforts by countries to implement the Nagoya Protocol on Access to Genetic Resources and the Fair and Equitable Sharing of Benefits Arising from their Utilization to the Convention on Biological Diversity (2010) and the International Treaty on Plant Genetic Resources for Food and Agriculture (2001).</p> <p>The Protocol covers genetic resources and traditional knowledge associated with genetic resources, as well as the benefits arising from their utilization by setting out core obligations for its contracting Parties to take measures in relation to access, benefit-sharing and compliance. The objectives of the International Treaty are the conservation and sustainable use of plant genetic resources for food and agriculture and the fair and equitable sharing of the benefits arising out of their use, in harmony with the Convention on Biological Diversity.</p>

II. Data description

[Data ①] Countries that are parties to the Nagoya Protocol

Calculation method	Countries that are parties to the Nagoya Protocol (1 = YES; 0 = NO)
Unit	-
Data sources	Publishing authorities for the ABS Clearing-House as designated by the CBD national focal points or the ABS focal points produce data in cooperation with the Secretariat of the Convention on Biological Diversity and the International Treaty secretariat.
Calendar	<ul style="list-style-type: none"> ■ Time series: 2012-2019(All data for Korea are included) ■ Data release: Irregular
Organizations	SCBD(Secretariat of the Convention on Biological Diversity)

[Data ②] Total reported number of Standard Material Transfer Agreements (SMTAs) transferring plant genetic resources for food and agriculture to the country

Calculation method	-
Unit	Number of cases
Data sources	Each state parties reports on the number of SMTAs through the International Treaty datastore Easy-SMTA.
Calendar	<ul style="list-style-type: none"> ■ Time series: 2012-2019(All data for Korea are included) ■ Data release: Annually
Organizations	SCBD(Secretariat of the Convention on Biological Diversity)
